

CANCAN®

• SINCE 1958 •

HYDRAULIC POMEGRANATE PRESS

Horeca Equipment For Professionals

CANCAN was founded in 1958 by the late Salih Özüođurlu in its production center Ankara, in order to serve the food sector with repairing of orange squeezing machines, kitchen appliances and following with the production of these machinery.

As the second generation, Tunç ÖZÜOđURLU who took over the management in 1984 and continues to manage the company, saw that the foodservice industry would develop more and more in Turkey. In 1994, the company received the trademark registration.

The company located in Ankara, İvedik Organized Industrial Zone, started its production in Sakarya since the year 2000. Today the Company CANCAN, produces manual and automatic orange juicers, pomegranate-grapefruit-lemon juicer machines, washing equipments, can openers and peeler machines in its 3200 squaremeters production facility together with the help of Cnc machines and milling machines by shaping the metals, under one roof.

Production Capacity and Exporting

The annual production capacity of the company is around 50 thousand units. CANCAN, who attaches great importance to exporting, exports 35 percent of its production. Our primary goal is to become a sought-after brand worldwide with our quality.

Annual Growth Rates

Since 2016, our company has grown by 20% and 25% each year. The company exports directly to 5 continents and 30 countries and continues to search for new markets.

Competitive Structure

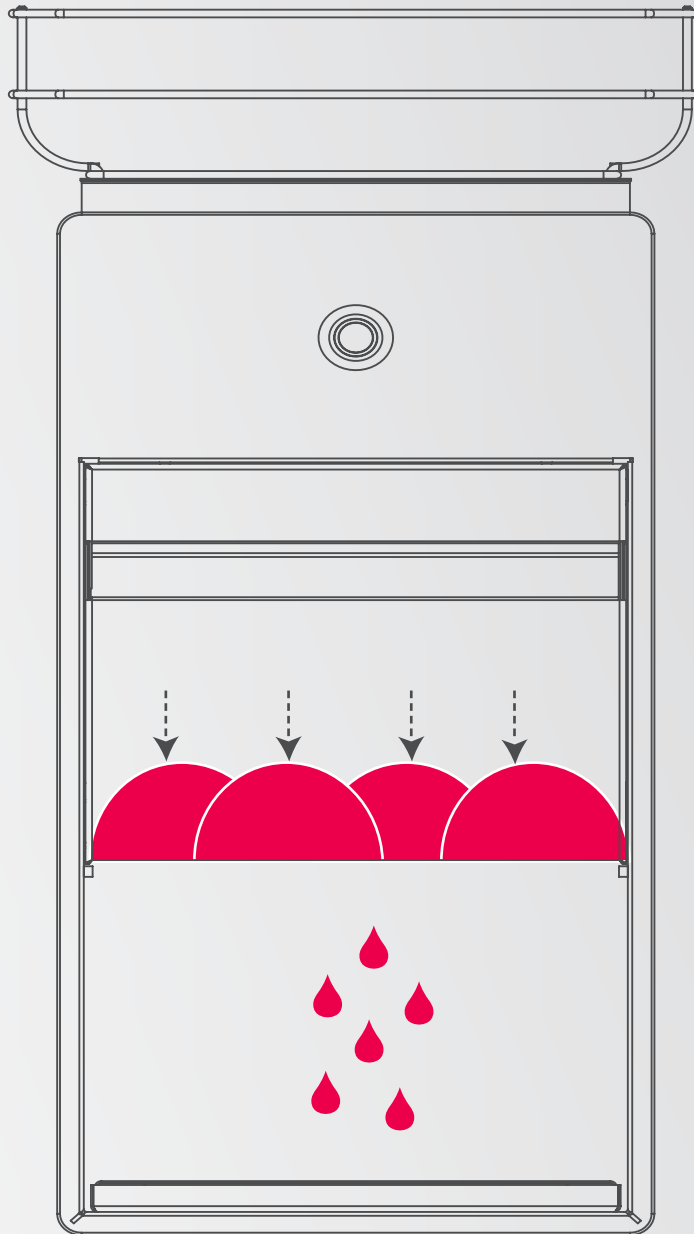

CANCAN, who prioritizes research and development and devotes a significant part of its annual turnover to R & D activities, competes with world brands with its innovative equipment.

Sector-Specific

Besides the production of industrial kitchen equipment and food preparation machines in accordance with the sector's developments and demands, CANCAN produces special machines that are not produced in Turkey before or that are in very few numbers produced.

HYDRAULIC TECHNOLOGY

The hydraulic pomegranate press is the smallest designed machine that can be used at places such as hotel, restaurant, commercial center, entertainment center, shopping mall, dormitory, university canteen and kiosks. The biggest advantage of this machine is to squeeze a large scale of fruits with only one machine.

Thanks to the hydraulic pressure system, the machine presses fruits such as pomegranate, orange, grapefruit, lemon, mandarin very easily. It is very practical and easy to clean with its stainless steel body and stainless parts.

Squeezing in 8 Seconds

MIXED SQUEEZING

Besides the convenience of squeezing many citrus fruits together with a fast press system as in 8 seconds it also provides the user an easy and fast squeezing process.

① Mixed Squeezing

You can squeeze the citrus fruits such as lime, pomegranate, orange, grapefruit, tangerine and lemon all together thanks to the large strainer table and you can get more juice in a short time.

② Less Pulp With Double Strainer

Thanks to its double strainer feature it passes less fruit pulp and by removing the bottom strainer you can get pulpy fruit juice if wanted.

Because of the hydraulic system of the product it presses the fruit without waste and thanks to its double strainer the pulp does not mix with the juice.

③ Cover With Safety Switch

Thanks to the safety switches located on the product, the machine does not work when the cover is open and allows you to squeeze the fruit safely without causing any work accident.

Non - Stop Squeezing

SPARE UPPER STRAINER

With the spare strainer provided with the product, you can easily place the fruits on the spare strainer without waiting for the other strainer to be cleaned and leave it ready for squeezing and provide faster squeezing process.

The Hydraulic Pomegranate Press

TECHNICAL SPECIFICATIONS

The hydraulic pomegranate press is the smallest designed machine that can be used at places such as hotel, restaurant, commercial center, entertainment center, shopping mall, dormitory, university canteen and kiosks. The biggest advantage of this machine is to squeeze a large scale of fruits with only one machine.

Product Code: 0603

Product Name: Hydraulic Pomegranate Press

Pressing Plate Size: 13 x 24 cm

Cup Reservoir Height: 17 cm

Fruit Squeezing: 6 Pcs/ min.

Fruit Diameter: Ø 13 cm

Fruit Reservoir: 7 kg

Motor: 0,37 kw

Consumption: 3,4 A

Power: 220 V

Frequency: 50 - 60 Hz

Weight: 44,1 kg

Width: 30 cm

Depth: 44 cm

Height: 65 cm
